

Printer Model		NEON-3200UV						
Printhead		KM1024i(12-36H YMCK LK LM)						
Printing Speed	Sketch mode	4pass	One group	40 m/h	two groups	80 m/h	Three groups	120 m/h
	Production Mode	6pass		30 m/h		60 m/h		90 m/h
	High Resolution Mode	8pass		20 m/h		40 m/h		60 m/h
Printhead		KM1024i(8-24H YMCK)						
Printing Speed	Sketch mode	4pass	One group	40 m/h	two groups	80 m/h	Three groups	120 m/h
	Production Mode	6pass		30 m/h		60 m/h		90 m/h
	High Resolution Mode	8pass		20 m/h		40 m/h		60 m/h
Ink	Type	Imported environment-friendly UV ink (Soft/Neutral)						
	Color	M/Y/C/K/LM/LC						
Media Max Diameter		350mm						
Printing width		3200mm						
Printing Thickness		≤2mm						
RIP Software		PHOTOPRINT						
Image Format		TIFF /JPG /EPS /PDF						
OS Required		Windows 7/10 64 bits (Flagship/Professional Version)						
Data Transfer		TCP/IP network interface /USB						
Drying		LED-UV lamp curing						
Moisture control		Patented automatic ink pressing moisturizing cleaning system						
Media Type		All UV flex banner, coated banner, reflective transfer film, back interlining cloth, PE light box panel						
Maximum Power		9KW (including cooling system power 2KW)						
Operation Environment		Humidity: 40%-70% Temperature: 20-30°C						
Power Supply		AC220V±10% 50HZ						
Operation Air Pressure		0.6MPa						
N.W		5500kg						
Printer Size		L*W*H: 6700*2285*2430mm						
Package Size		L*W*H: 6900*2200*2500mm						
Computer Require		Hard disk SATA600/Hard disk format: NTFS/CPU: Inter i5/RAM: 8G-16G
