

Printer Model		NEON-S3200UV				
Printhead		KM1024i				
Printing Speed	Sketch mode	4pass	CMYK (8 Head)	35㎡/h	CMYK (16 Head)	70㎡/h
	Production Mode	6pass		25㎡/h		50㎡/h
	High Resolution Mode	8pass		18㎡/h		35㎡/h
Ink	Type	Imported environment-friendly UV ink (Soft/Neutral)				
	Color	M /Y /C /K /LM /LC				
Media Max Diameter		360mm				
Printing Width		3200mm				
Printing Thickness		≤2mm				
RIP Software		PHOTOPRINT				
Image Format		TIFF /JPG /EPS /PDF				
Data Transfer		USB3.0				
OS Required		Windows7/10 64 bits (Flagship/Professional Version)				
Computer Required		Hard disk: SATA500/Hard disk format: NTFS/CPU: Inter i5/RAM: 8G-16G				
Drying		LED-UV lamp curing				
Moisture control		Patented automatic ink pressing moisturizing cleaning system				
Media Type		All UV flex banner, coated banner, reflective transfer film, back interlining cloth , PE light box panel				
Maximum Power		7KW (Including cooling system power 2KW)				
Operation Environment		Humidity: 40%-70% Temperature: 20-30°C				
Power Supply		AC220V±10% 50HZ				
Operation Air Pressure		0.6MPA				
N.W		4000kg				
Printer Size		L*W*H: 5835*2015*2450mm				
Package Size		L*W*H: 6000*2000*2250mm
